

## Head Teachers Spring 2020 Newsletter

Dear Parents and Carers,

What a busy half term it has been. Team Ernehale have had lots of visitors, some from our Trust Teacher Training students and our annual Partnership Review. This is where the Trust Central Team join us for 2 days to observe lessons, look at our pupil's work, talk to pupils and staff about what our school strengths are and our school priorities. The Team also looked at the school's progress against the new Ofsted framework.

### **Flying High Partnership key findings from partnership review:**

The school continues to be rated in the highest FHP category where standards, teaching and leadership are strong.

Strengths:

- The values of the school are strongly embedded and owned by staff and pupils alike.
- The HT and SLT show reflective practice in their choice of areas for development.
- It is clear that during the lesson's teachers are clearly focused on the knowledge that children need to learn.

Next Steps:

- Continue to develop lesson sequences.
- Embrace and progress the development of the curriculum and the exciting opportunity that this affords the children as learners and the development of staff.

Well done Team Ernehale!

### **Saying goodbye:**

Sadly, Miss Hancock is leaving us to begin a new career with the police. She was a pupil at Ernehale and came back to us as an apprentice, completing her TA qualification with us. She has been a key member of Team Ernehale for 3 years, looking after many of our pupils as first aider, supporting the football team, running sports leaders for us and supporting our PE.

We will miss her team spirit and great sense of fun. Team Ernehale wish you well Miss Hancock!

Thank you, as always for your ongoing support

Yours sincerely

Ms. A Batley  
Head Teacher
